

## Scoring

There will be at least 4 races, but more races will be added if lockdown continues.

Your best 66% or more results will be used. For example if we have 4 races then the best 3 races will be used = 75%, (2 races would only be 50%), if we have 5 races then the best 4 will be used = 80% (3 would be only 60%)

All competitors gain points within their gender, but final positions will be decided across all competitors.
