

Lightshaw Meadows

The start is at the entrance to Plank Lane Car Park at the swing bridge on Slag / Plank Lane and you'll head down the canal path towards Dover Lock. There's plenty of parking, but it can get busy around here these days! If anyone wants to start somewhere else on the route then feel free to start anywhere.

The finish is on the opposite side of the road at the gate (no need to cross the road at the end).

The route is 5.6 miles long and underfoot it's mostly trail, with a couple of muddy bits, so trail shoes are best. Look out for llamas!
