Route Notes: Tour D'Atherton

The start of this one is on Gibfield Park Way. The course is 6.24 miles and is mixed underfoot, but in Winter is quite muddy in places, so trail shoes are a must and you will definitely get wet feet!

You can park up at the side of the road; a lot of people park on the roundabout. From the roundabout head back towards Leigh to the Start / Finish which is the first trail on your right which is clearly signposted as a footpath. This is actually Colliery Lane, but at this point just looks like a trail.
